Mishler Cemetery [CN27]

This cemetery does not exist in the W.P.A. and DRF compilations.

This cemetery is located on the former Lester Alwine farm, 1 - 2 miles north of the North Fork Reservoir. The land is now part of the watershed for the North Fork Reservoir/Greater Johnstown Water Authority. The cemetery is surrounded by a chain link fence, and is being maintained very well. I hope to eventually transcribe all of the headstones in this cemetery; below are the few I did transcribe on my last visit.

This cemetery name is given in the Internet on-line cemetery listings, but with no data. It does not exist in the W.P.A. and Della Reagan Fischer lists.

Sala-Livingston Cemetery [CN30]

This cemetery does not exist in the W.P.A. and DRF compilations.

This cemetery is located on the Dan Weaver farm (formerly the Sam Livingston farm), in a field off Covered Bridge Road. It is very overgrown with thorn bushes and there are several sunken grave sites. Several headstones are native field stone, and the inscriptions are unreadable. Here is a list of those that are readable, kindly transcribed by Charles Richard Alwine. Kathie Weigel has also generously provided some additional data and corrections on this cemetery.
