Note from Cynthia at Meyersdale Library: "I checked our file copy of the Centerville cemetery and discovered that p. 58 is missing here as well. I then checked the microfilmed version from E. C. Saylor, which is also missing p. 58. There was no point in checking the recent WPA transcription done by Linda Marker because she was using the WPA records. "

Therefore it is assumed that the apparent missing page is a typists error and this and following pages have been renumbered.
