RIPPLE CEMETERY [PT14]

This cemetery name is listed in the Internet on-line cemetery lists, but with no data. It does not exist in the W.P.A. and DRF compilations.

ST. ANTHONY'S ITALIAN CEMETERY [PT15]

As will be seen in the following listing, the deaths are all listed in exact chronological order. Also there are no notations of graves missing markers. Therefore it is likely that the data were copied from a church record book, rather than from a reading of the cemetery tombstones.

ST. JOHN'S SLOVAK ROMAN CATHOLIC CEMETERY [PT17]

As will be seen in the following listing, the deaths are all listed in exact chronological order from 1906 till September 1913. Then there is a gap till 1921 and scattered data through 1931. Also there are no notations of graves missing markers. Therefore it is likely that the data were copied from a church record book, rather than from a reading of the cemetery tombstones.
